THE UMPIRE HAD EXCITING TIME

Regina Spectators Like His Decision—Not—Eskimos Made Six Run in Last and Won

Regina, July 26.—Police protection, as well as officers of the local club and players were required to escort Umpire Houston from the grounds to-night. His work all through has been most unsatisfactory to the local fans and the demonstration came at the conclusion of a hotly contested game this evening.

Skells was pitching great ball and the score was 2 to 1 for Regina with two down and two on bases in the eighth. He purposely passed Spencer and then could not get them over to Brennan with the result that the tying run was forced in.

White should have been called out on strikes, but the umpire missed a third that went over the plate and Deacon was hit by the next ball pitched.

"A passed ball let in a third and after that it was a cake of playing for time. An easy fly which went for a double let in three more runs and then Mills let himself be put out deliberately.

The umpire declined to call the play although it was quite dark and Regina was quickly disposed of in its half. Previous to the unfortunate ending the game was the best of the season but the umpiring especially on balls and strikes was unsatisfactory.

The score:

THIRD BASE IS MOST DIFFICULT

The Player Who Attempts It Has to Handle Hardest Hit Balls in the Infield

Edmonton not only stands second in the Western Canada League, but has the honour of numbering in its ranks the leading pitcher of President Eckstroms aggregation.

Phil J. Dellar, was formerly a star in the Northwestern and Northern Leagues, and last year was out of baseball entirely, on account of a lame arm. During the winter he wrote Deacon White asking for a trial and stating that he thought his arm had recovered its cunning. On looking up Phil's record, and ascertaining that in 1907 with Tacoma he won 22 games and lost only 7, Deak thought it looked pretty good, so wrote enclosing contract.

Dellar has more than made good. Up to date his record reads, won 17, lost 2. At his present rate of going he promises to set a new mark for Minor League fingers o' shoot at. His seventeen victories are, Calgary 4, Lethbridge 3, Winnipeg 3, Brandon 3, Regina 3, Moose Jaw 2, Medicine Hat 1.

Games lost: Regina 1, Brandon 1.

Dellar's Record
May 12—Calgary, 5-4
May 17—Calgary, 3-2, 15 innings.
May 22—Lethbridge, 8-0
May 23—Lethbridge, 11-3
May 30—Winnipeg, 6-1
June 4—Brandon 2-1, 11 innings.
June 8—Regina, with the score tie, Dellar relieved Dretchko and Eskimo finally won by 9-8.

June 8—Regina, 4-1
June 11—Moose Jaw, 3-2.
May 15—Winnipeg, 2-1. Held Mar- riers to two hits.
June 18—Brandon, 7-8. Grady re- lieved Dellar.

June 21—Regina, when Dell showed signs of weakening, Dellar went in and disposed of last man. Score 8-5, but Dell gets credit for win.
June 22—Regina, lost 6-7.
June 27—Lethbridge. Dellar retired with score 2-2 to allow Dretchko to bat for him. Grady then pitched and Edmonton won by 3-2.

July 1—Medicine Hat 7-0. Held his opponents to one hit, which was made in the 9th inning.
July 4—Calgary, 3-2. Held Rough Riders to 3 hits.
July 7—Calgary, 7-1.
July 11—Regina, 8-0. Held op- ponents to 3 hits.
July 14—Moose Jaw, 4-0.
July 19—Brandon, lost by 11-3.
July 22—Winnipeg, 6-1.

The committee wish to thank the donors who gave their assistance in connection with the trial sports, the contributors for a televis- ing space on the trial meet programs, competitors for the splendid manner in which they responded to the efforts to raise funds to send them to Leth- bridge by bringing such a huge share of the championships to the city, and last but not least, the Press, com- mercial neediness, the benefit in this direction is certainly realized and much appreciated.

Y.M.C.A. BEAT THE IRISH CANUCKS

Amateurs Played a Loose Field- ing Game at Diamond Park— Score Was 7 to 3

The Irish and the Y. M. C. A. played a City League game at Diamond Park last evening before a very meagre attendance. After seven in- ings had been played the Y. M. C. A. won by 7 to 3.

The game itself was loosely played and Gossnell and Burley had to put up with very poor support. The sudden change from the rocky su- face of Taylor Park to the billiard table smoothness of Diamond Park was too much for the amateurs and they booted several grounders.

Burley and Gossnell performed very well, while Frank also wielded the wil- low with great effect, having three singles. Parney, Clarke and Ingils with two safeties apiece carried off the batting honors for the Y. M. C. A.

The Y. M. C. A. got away in the first with three runs and after add- ing four in the third on a series of base hits, were never in very much danger.

Umpire Garrison, attired in a natty red blazer, lent a touch of color to the centre of the diamond, and got away without having any of his de- cisions questioned.

Tonight the Irish-Canadians and the Wholesalers will play at Diamond Park. A special effort will be made to get the game started at 6.45 Box seat.

FOR SEAWANAKA CUP

Manchester, Mass., July 26.—The weather proved too tickle to finish the initial race yesterday for the Seawa- naka Cup, but there was about 20 min- utes of the contest in which condi- tions were fair when the defender Massachusetts of the Manchester Yacht Club showed superiority in windward work over Challenger St. Lawrence of Royal St. Lawrence Yacht Club. Yachts will try again to- day to race over same course.

OTTAWA CRICKETERS LEAD

Philadelphia, Pa., July 26.—Ottawa cricket club scored 245 runs in first inning of their match with German- town cricket club yesterday at Man- hoim. The local eleven had made only 35 runs for loss of four wickets when stumps was drawn for day.

PHIL DELLAR IS GREAT PITCHER

He Has Won 17 Games and Lost 2—Will Probably Set Record for Minor League Ball

In response to the inquiries of several inquisitive fans as to the hardest position on the baseball field, the Toronto News prints the following:

Third base is undoubtedly the most difficult of all positions on a base- ball field, and the "cat hit" base- men can almost be counted on the fingers of one hand.

A good third base man must not only be quick to think and act, but must have a steel-like nerve. Many players have been successful at third base during practice, but could not stand the fire during a game. Great physical courage is required of a play- er in this position and the slightest streak of cowardice will ruin his chances.

Third base is difficult for several reasons. The players who attempt it have to handle the hardest hit balls, go through the infield, and has to make the longest throw on the dia- mond with less time than other in- fielders to do it. He is closer to the batter when the ball is hit than any other man in the infield, except the pitcher, and this makes his work doubly fast and difficult. The third baseman is called upon to handle more than 60 per cent of the balls that in itself is nerve-racking duty. Knowing that the runner is swiftly speeding towards first, the third baseman has to make a dash for the slow hit ball as it spins around in a tantalizing manner, and to get his man must throw almost without looking. If there be a runner leav- ing first on such a play the third base- man must decide in a flash whether it is safer to get the man at second or first. Should he make a mistake, or hesitate in the slightest degree, both will be safe.

Again his nerve is tried when he is unable to decide whether the batter is going to bunt or "hit the ball out." Frequently the batter will make one or two feints at bunting for the pur- pose of drawing the third baseman in and then suddenly drive the ball at him with all the force at his command.

SEATON NOT COMING.

Joe Seaton, the pitcher, expected to join the Eskimos, is playing right field for Seattle, so our chances of getting him are poor. ... made one run and two hits against Tacoma on Saturday. The Tigers pulled off a triple play, the first seen in Tacoma for four years.

MIKE DONLIN IS BACK AGAIN

Has Some Very Original Ideas of Europe—Says George V. Is a Minor Leaguer

Mike Donlin, actor and former star of the diamond, is back from Europe after an interesting tour of the effete monarchies. Mr. Donlin was much impressed by the grandeur of the things he saw, and is still walking in a daze as the result of the magnificent spectacles that were on every side of him while he roamed.

"I had the time of my life," said Mr. Donlin to an eager interviewer in New York. "Never dreamed that there could be such things to look at as they stacked up around—over there."

"Did you see the new English King George V.?"

"That I did, my boy," said Mr. Donlin, with enthusiasm, "and I hope he makes good. I have serious doubts, however for he has whiskers and there never was a man in the big leagues yet who wore whiskers and hit better than .147."

"Did you walk through the Bois de Boulogne, Mr. Donlin?"

"Several times. If they'd level it down a little and take away some of the obstructions it would make a peach of a playing field. It's set so that the sun won't bother anyone except the third baseman, and it could wear goggles."

"What do you think of St. Peter's in Rome, Mr. Donlin?"

"Some building that I don't see why the National Commission can't build a place like that to meet in. It would give a lot of extra dignity to those guys, too."

"Was the leaning tower of Pisa be- wildering to you, Mr. Donlin?"

"Well, no. I can't say that it got my goat any, after seeing the wild- east stand they have back of Cub park in Chicago. I'd like to see Gabby Street try to drop a ball from that one though. He'd overbalance and fall on the place where his brains ought to be."

"How did you find the scenery in the Alps, Mr. Donlin?"

"The Alps, pal. Sa! I got my opinion of the guy that laid out that bunch of wars upon the face of na- ture. Why, boy, you couldn't put a diamond on any section of that coun- try without the pitcher tumbling over into the next kingdom and you'd have to string cables between the peaks to hang the pitchers on."

The Pacific Coast league race is a halapazoozoo. Only fifty points sepa- rate the first and fifth teams.

The Chattanooga Club of the South- ern League has purchased Juan Viola, the crack Cuban outfielder, from Au- gusta.

Mike Tiernan, the old-time Giant, has opened a cafe opposite the Polo Grounds in New York.

The Browns played swell ball in Philadelphia and made the Athletics show their best stuff.

Something Turns Up—What? Those trousers!

If you are pressed for money press up your old coat and vest and buy a new pair of trousers. They will tone up your old coat and vest and get you through awhile.

\$3 to \$6.50 will buy you a good new pair.

Then when you are ready for that new suit come to us and you'll be sure to get a good suit, because we carry no poor clothes in our house.

But \$16.50 will buy a good suit from

SUNDAY SCHOOL WORKERS MEETINGS SUCCESSFUL

Large Attendance at the First Baptist Church Yesterday

SOME GOOD SPEECHES

Officers Were Elected for Next Year—J. R. Robinson Is President

The Edmonton convention of the Alberta Sunday School Association took place yesterday afternoon and evening in the First Baptist church.

Both sessions, especially in the evening were well attended by followers of Sunday school work in this city.

The afternoon session opened with a song service under the direction of Prof. L. L. Henry, of Chicago. Mr. R. J. Robinson followed, who presented a report on the state of the schools in this district. The report showed that there was an enrollment of 3082 scholars with an average attendance of 2119, and that during the past year seven new schools had been opened.

Mr. H. F. Kenny, followed with a short talk on the past and future of the work done in this locality. Mr. Kenny stated that the organization in this district was not on a proper basis and went on to explain its faults and deficiencies, afterwards giving advice as to how the present conditions could be remedied.

Mr. Kenny in speaking of the work throughout the province stated that there was an increase of 100 schools over last year. Of this number the Presbyterians had supplied 40, and the Methodists 36. The remaining denominations made up the balance. Mr. Kenny thought that a very great rate of increase had been realized and he anticipated

equally good progress for the future. Prof. Henry then took up the question of Sunday school music and he was followed by Miss Helen Palk who explained the elementary work in the Sunday schools.

The election of officers resulted as follows:

Officers Elected
President—R. J. Robinson, Grace Church.
Vice President—H. W. B. Douglas, Robertson Church.
Sec.-Treas.—S. J. Harms, German Baptist.

Provincial representative—R. J. Robinson.
Executive—Messrs. R. J. Robinson, H. W. B. Douglas, S. J. Harms, Hiram Perry, Erskine Church; Cavanagh, Syndicate Avenue Baptist.

Department Superintendents
Elementary Work—Miss Wetherall, First Presbyterian.
Advanced Grades—Mr. F. Cox, McDougall Church.
Adult Bible Class—Mr. W. W. Chown, Wesley Methodist.

Home Department—C. A. Myers, Westminster Church.
Teachers training—Mrs. Eby, Westminster Church.
Missionary Department—Col. A. B. Edwards, First Baptist.

Evening Session
The evening session opened with the usual song service, and on this occasion the full choir was present. Prof. Henry officiated as conductor.

The feature of the evening was the address delivered by Miss Helen Palk who spoke on the subject "The Demands of Childhood." Miss Palk paid particular attention to the training of childhood in the belief in the Savior. This could only be accomplished by the co-operation of the persons who had intimate associations with them and who were responsible for their proper bringing-up, namely, the parents, the Sunday school and the day school teachers.

Train Teachers Too
The proper training of teachers, for the nurturing of the mind of the child was also dealt with in an interesting manner by Miss Palk. It was generally the custom with teachers of the present day to deal with children with regard to their several individualities as though all children were of a like temperament. It was only by a careful regard for the fact that individualities among children are legion that proper results could be obtained.

Teachers should also see that there was a community of interest between instructor and scholar, for if that point was disregarded the child could hardly be expected to be interested in their work to any large degree.

The convention closed with a talk by Mr. H. F. Kenny, on "Echoes from the World's Sunday-School Conventions," in which he gave some interesting facts of what took place on that occasion. Altogether the convention has met with splendid success and good results will certainly follow.

POTTER REPLIES TO CITY COUNCIL

New York Expert Says It Requires Time and Thought to Make Report

HAS SAVED CITY'S MONEY

Other Business Taken Up at the Meeting of the Commissioners Yesterday

In answer to the commissioners' letter stating that he was going into too minute details in the preparation of his report on the water supply, a somewhat lengthy letter was read at the regular meeting of the city commissioners yesterday afternoon, in which Mr. Alex. Potter, the New York engineer, contended that he was not undertaking work that was not authorized. He stated that the preparation of such a report as he was making required some time besides considerable thought.

Mr. Potter said in part: "It is a duty a city owes to a consulting engineer once employed, to allow him time enough to evolve the best solution of the problem entrusted to him. This is all the more apparent in my case since recommendations already made by me have saved the city of over \$25,000 debentures for at least eight months, meaning a saving of over \$5000 in interest charges, a sum greatly in excess of what my total fees for the sewage design are likely to be. Again in place of expending \$225,000 for a sanitary sewer outlet alone, I am recommending a plan which provides for an outlet to cost only \$100,000, and this large enough for both storm water and sewage, thus making possible the reclamation for useful purposes of the valley of Rat Creek from the present sewer outlet to the Saskatchewan river, a distance of over a mile and a half."

Mr. Potter also stated that all the details required in connection with this year's extensions have been completed and that he was now applying his whole attention to the general design. He stated that a double system of conduits, one for storm water and the other for sewage would be required according to his scheme.

C. P. R. Guarantee
In connection with the payment to the C. P. R. by the city of the sum of \$50,000 in connection with the construction of the high level bridge, Mayor Lee stated that no further authority was necessary to make the payment, as it will be forwarded to the railway company this week. Of this amount the city will receive \$17,361 is Strathcona's share and the transportation city will be notified that the money is due.

A communication from the Drummond-McCall Company was read which contained that company's agreement to the cancellation of the order for fastenings, used in connection with street railway construction. The reason for the cancellation was the statement by the company to the effect that they could not be in a position to supply the fastenings until September. The order for 80-pound rails to be used in street railway extension work, given to the same company, is being filled and the rails are expected along at once.

Ball Club Wants Taxes Lifted
The Edmonton Baseball Club asked for the remission of the taxes paid on the baseball park for the years 1909 and 1910. The letter stated that the promoters were under a heavy expense and that there were no profits forthcoming. They pointed out the actions of other places where the baseball club, besides being exempt from the taxation of their grounds, and that in addition an annual subsidy was given them in recognition of the advertising which the baseball club carried out. They also advanced the argument that the council of 1907-1908 granted a similar request. The letter was referred to the council and will be discussed this evening.

Loan to Presbyterians
A loan of \$50,000 will be made to the First Presbyterian Church from the city's sinking fund on the church property at the corner of Jasper and Third street. The loan is sought for two years, and it is the desire of the board of management of the church to sell the property, if a good offer could be secured. In case the property was not sold within the two years they would desire an extension and would also like to raise another \$50,000 on the property.

After discussion it was decided to loan an amount equal to 50 per cent. of the valuation of the property, and not exceeding \$50,000 for a period of five years, with the privilege of paying off the loan at the end of two years. (The rate is to be 6 1/2 per cent. with personal bond.)
The Bicultural people have been

instructed to arrange their work on special track paving and to replace wood blocks so as to not interfere with the street railway service during fair week.

Must Fix Wiring

A letter from Superintendent Ormsby of the electric light department was read in which it was stated that the wiring at the packing plant was not all that might be desired in consideration of the safety of the employees. The company will be notified to remedy the evil.

The commissioner will take up the matter of the salary of the expert operator of the renovated gas plant with Superintendent McNaughton.

Estimates of the cost for the construction of a fence around the filtration plant were submitted by Superintendent McLean of the waterworks department. The amount is \$34,245.

Respecting the claim of Ferguson and Jones against C. R. Sloan for posts and fencing at the exhibition grounds, Engineer Laternell stated that this work was done by the city and that no money had been paid to Mr. Sloan.

City Solicitor Brown stated that the claim for damages of Mr. Latta's dog injuries received in a street car might be strong enough. The matter will be taken up with Mr. Latta's solicitor.

WEEDS IN ROAD CAUSED DEATH

City or Railway Company May Be Held Responsible for Boy's Death

INQUEST INTO FATALITY

Jury Says Death of Four-Year-Old Charlie McKernell Might Have Been Prevented

After being out for nearly two hours the jury, empaneled at the inquest on the body of Charles McKernell, who died as the result of being run over by a street car in trade on Saturday evening brought in a verdict as follows:

1st. That the deceased came by his death by being accidentally run over by No. 5 street car of the Edmonton Street Railway Company, in charge of Conductor Edward Pascoe and Motorman Robert Lindsay, and in our opinion no blame is attached to either the conductor or motorman, but it was our opinion that the accident might have been avoided but for the neglect of the parties responsible for not having the weeds destroyed along the tracks which at the place of the

accident were about three feet high. 2nd. That in our opinion the evidence goes to show that the large pole in use at this point obstructed the view of the motorman.

3rd. We strongly condemn the fender which is in use on this car in that it is defective and is not carried close enough to the rails.

4th. We consider that the brake used on this car is insufficient for the protection of human life and we would recommend the use of air brakes.

Signers: A. H. Richards, foreman; H. A. Calder, R. J. McDonald, L. L. Fuller, R. B. Douglas, Jas. Gallagher.

Playmates as Witnesses

At 2 o'clock the inquest began with the witnesses: Willie Turnbull and George Schlitz, aged 4 and 6 respectively who were playing with the little boy at the time of the accident. They stated that they were playing on the street when a car came along, George ran across the track and Charlie attempted to follow him, but when he was in the centre of the track he hesitated and turned back, falling as he did so, right under the wheels of the approaching car.

Motorman Lindsay said that he noticed a boy crossing the tracks, but did not notice anything more until he reached a post where the weeds were thick and tall, from behind which a boy stepped out. The motor man yelled, reversed the power and

put on the breaks, but could not stop the car in time. The car was going at seven miles an hour.

"What kind of brake is there on the car?" asked the coroner.

"Just a simple hand brake."

"If you had an air brake would the boy have been killed?"

"Yes; with any brake the result would have been the same."

"Is the fender a good one?"

"Yes, it is in first-class condition, but it is not an automatic fender and requires to be let down."

"Supposing there were iron posts instead of big wooden ones and that the weeds had been cut, could you have seen the boy and prevented the accident?"

"Yes, I think that would have been no accident if that had been the case." The conductor, Pascoe, corroborated the evidence of the motorman and Dr. Mays' evidence that death was due to shock and not to loss of blood, concluded the hearing.

Dr. Crang in reviewing the case, said that in view of the statement of the motorman as to the weeds: "It would appear that the city or the railway company, whichever is responsible for keeping the devil strip clear of weeds, could be charged with culpable negligence in connection with this case and can thus be held responsible for damages."

NO ARBITRATION FOR MISTER HAYS

Government Can't Do Much to
Settle the Dispute
Now

MR. HAYS WILL FIGHT HARD

Asks U. S. Government for Pro-
tection But "Nothing Doing"
Says Uncle Sam

Ottawa, July 26.—The question as to whether or not the Grand Trunk Railway strike will come to an end at once is in the hands of President Hays, but apparently the company has made up its mind to fight the strikers to a finish.

This is the view of the Labor department, which admits that a deadlock has been reached. The government is ready to lend its good offices in any capacity the parties to the dispute might desire, but in view of Hays' attitude there is nothing further to do at present.

The Grand Trunk situation is somewhat altered by the announcement from Hays that the time for arbitration is past, and that the company is prepared to fight to the end. James M. Dooh, of the Trainmen's Union, Montreal, says that if Hays sticks to the position he has taken when the men are willing to arbitrate the road will be the loser, as the union can afford to keep the men out and will do so. Reports received in this city indicate that the company is gradually resuming its freight service.

G.T.R. Resumes Shops
Montreal, July 26.—The Grand Trunk this morning reopened its shops all over the system, and thus between four and five thousand men, who were rendered idle through the strike, returned to work. The company is not running full passenger service, but resumed a large portion of the freight service, further announce-

1845 to 1910

FOR 65 YEARS

Dr. Fowler's Extract of
Wild Strawberry
HAS BEEN OURING

Diarrhoea, Dysentery,

ing that at the present rate of progress the whole service will be normal this week.

The strike leaders are holding a series of conferences lasting over the whole of yesterday and today. S. N. Berry, V.P. of the Brotherhood of Railway Conductors, who has been in Toronto since the beginning of the strike, came to Montreal to consult Murdoch, who has charge of the situation here.

It is rumored that the strike leaders are making strong efforts to get the government to interfere in the matter, and that failing this the strike will be called off immediately.

The following official report was given out by the Grand Trunk management today:

"The general situation is improving every hour. At 10.30 today started on the eastern division alone fourteen freight trains. These are moving past the fence plainly in view of those who doubt. Two excursion trains went out of Toronto yesterday and carried a thousand people.

Earnings of G.T.R. Show Decrease
The Grand Trunk shops at Point St. Charles reopened this morning. A gathering of strikers took place at the freight yards, but there was no disorder.

Both sides maintain their stand regarding arbitration. Murdoch says the men are willing to accept any board appointed by the government, while Hays again declares that the company would not now accept. Private information from a high official, however, was to the effect that the company would agree to the appointment of arbitrators within a few days.

A statement of earnings issued this morning shows a decrease of \$105,000 in revenue for the past week as compared with last year. The average weekly increase this year has been \$140,000, showing that the company has lost \$250,000 in one week through the strike.

Windsor, Ont., July 26.—The first freight on the Grand Trunk since the strike was declared pulled into the station here this morning. The first freight to leave since the trouble started went out about ten o'clock.

Government Will Not Interfere
Washington, D.C., July 26.—The government will not interfere in the strike situation on the Grand Trunk unless the strikers or sympathizers seriously interrupt the transmission of the United States mails.

This is the opinion expressed today by George F. Stone, assistant general superintendent of the railway mail service in the post office department here. Stone had heard of the holding up of a mail train at South Bend, Ind., but was inclined to think the incident was of minor importance.

It Is Important to the Merchant that He Should Be a Good Advertiser---

But it is also very important to
His Patrons That He Should Be!

THE BUYING PUBLIC has a distinct interest in whether or not a merchant advertises. For it is an economic truth that only the merchant who advertises can afford to offer actual values--to make price-concessions that are really competitive--to do business on the smallest possible per-sale profit.

The buying public has come to know this--to know that the buyer has a direct interest in the question of whether the seller advertises. The buying public has come to know that the buyer pays the penalty of patronizing the non-progressive store, where small volume of sales makes large per-sale profits inevitable.

It has come, therefore, to be a matter of personal interest to a prospective buyer as to whether he or she is dealing with a progressive or with a non-progressive merchant. This personal interest is a purse-interest and therefore comes nearer home than the mere matter of pride in preferring to buy at a FIVE STORE.

Although that sort of pride, somewhat generally held by the people of a city, is what makes the town worth living in---worth doing business in---worth believing in!

"A GOOD SCHOOL"

Five years ago it opened in Edmonton. By sheer merit it has risen to a foremost place. Over 250 students enrolled last year. Always specializing in the preparation of good stenographers, it stands today as Alberta's Greatest Stenograph School. Its work along this special line has been remarkably successful. Its graduates find ready employment. Write today.

One Want Ad.

Of Every Twenty is the Key to an Intere resting Romance

The want ads. touch life so intimately—give reflection at such close range—that very often a few lines of classified advertising form the key to a real life romance as pathetic or as inspiring or as dull as could be "found in books."

Sometimes the want ad. is a link in the chain of the story—as a "real estate for sale" ad. often is. Another want ad—perhaps offering something for sale which would indicate the disposition of a home—may be the key to a pathetic story more interesting, if it could be told, than any fiction. Some others "for sale" ads. may suggest a drama phase of life as appealing as the adventures of Mr. Pickwick.

To those who have insight, who "know" human affairs in this city in this year of grace, 1910, the want ads. are the BEST current reading matter. And, often, a want ad. reader who starts to find romance clues is surprised to find that the "wanting" number of "other things"—profit-making clues, for instance.

About Town

Mr. A. E. Duff, general passenger agent, G. T. P., and Mr. Adams, freight agent arrived in the city last night, but left again early this morning for Winnipeg.

Mr. Peter Fields, who is in the office of the building inspector and who has been ill for some time is on the road to health again and it is expected that he will be out and about again in a few days' time.

At the Eskrine Presbyterian Church on Wednesday evening there will be a special lecture under the auspices of the Edmonton branch of the Alberta Moral Reform League, at which Mr. Geo. H. Knox, author of "Thoughts that Inspire," will give an address.

PREMIER ROBLIN (TO AID STRIKERS)

Promises Men That He Will Try to Arrange for a Conference

C.N.R. STRIKERS PARADE

Board of Control of Winnipeg Also to Help Them Get Settlement

Winnipeg, July 26.—Three hundred striking car men of the Canadian Northern Railway shops paraded the streets of the city yesterday and interviewed the provincial and civic officials and announced generally that the company's train service was at present a menace to health and safety. Incidentally they were promised aid in two sections. The Board of Control and Premier Roblin, with Hon. Robert Rogers, stated a willingness to take the matter up with the company and arrange if possible a meeting between the company and strikers, where the differences could be presented and a settlement discussed.

23 DEATHS FROM HEAT

Philadelphia and New York Suffer From High Temperatures

Philadelphia, Pa., July 26.—Four deaths were reported here, due to heat exhaustion. The maximum temperature was 92 degrees at 4 p.m.

New York, July 26.—There were 19 deaths in Greater New York today from the heat.

Jack! How is it that Mrs. Brown can get a quiet house and drive her lady friends and you cannot get one safe for me. Well, my dear, Brown deals at Horner's Livery 221 you phone 1224 and order one. Oh, Jack, what a dear.

Oats—July 40½c; October 42½c; December, 41½c.

Flax—July \$2.10; October, \$2.10.

COMPARISON OF POWER OFFERS

City Officers Company \$30 Per Horsepower Per Annum Here

BUT IT'S \$25 IN CALGARY

Other Things in the Offer May Make a Difference, Though

As the city of Calgary has under consideration a tender from the Western Canada Power and Development Company to supply that city with electrical power, it might be interesting to note the comparison between the offer made to Calgary and the offer made by the board of commissioners of the city of Edmonton to the Edmonton Heat and Power Company. When the Edmonton Heat and Power Company first approached the city in reference to the matter they offered to supply power at \$35 per horse power per annum, which the commissioners would not agree to, but in turn offered \$30 per horse power, a considerable reduction. To this the company agreed, and in connection with which the city commissioners have been preparing a report to present to council.

When the Edmonton Heat and Power Company made their original offer to the commissioners, they quoted figures which they stated represented what Calgary and Winnipeg were paying for power. They stated that the former city was entering into an agreement with the Western Canada Power and Development Company, to pay \$35 per horse power.

At any rate, whatever the original offer made to Calgary was, the offer now stands at \$25 per horse power per annum. Further details of the offer made to Calgary are: That the company would take care of the step down; that the position of the receiving station would be outside the city limits in a westerly direction; that the city of Calgary would have the right to take extra power by six months' notice in 500 horse power units. Further, the company stated that they would agree to pay as liquidated damages on failure to supply energy at an appointed time, the sum of \$100 per day, for each day that power was not forthcoming, after the set date. But, if the company was enabled to supply the power prior to the contract time, the city was to give as a bonus \$50 for each day, that energy was supplied prior to the appointed day.

The detailed offer of the Edmonton Heat and Power Company will in all probability be discussed by the city council at its regular meeting tonight when it is expected that the commissioners' report on the subject will be tabled. Although the offer made to Calgary per horse power is \$5 in excess of the figure the city of Edmonton has under consideration, yet the other details of the local proposition may not be as favorable. But that remains to be seen.

DIED OF HEART FAILURE

Ruthenian Dropped Dead While Walking Along the Street

While walking along Kinitino avenue yesterday afternoon Elko Levensky, dropped dead of heart failure. He was found by the police who had been called by a woman who thought it was a drunken man.

Dr. Braithwaite examined the body and pronounced death due to heart failure.

CLOUD-BURST IN HUNGARY

Buda-Pest, Hungary, July 26.—Twenty-five persons perished in a flood that followed a cloudburst at the town of Dees today. The damage to property and crops was heavy.

HAD AUTO TRIP

(Continued from page one.)

orable impression. This is certainly a wonderful country."

"I look forward to the trip into the north country with pleasure. But I am such a tenderfoot," he added, jokingly, "and my impressions will be those of a tenderfoot."

"I like the appearance of Edmonton very much. It seems to be a bustling place, full of business and liveliness."

"I think, however, he concluded, modestly, "You had better see Mr. Hough. You know, he is a much bigger man than I am."

Just to Shoot a Bear

A representative of the Capital managed to steer Mr. Emmerson Hough and Professor Ben. K. Miller, of Milwaukee, into an ante room of the Edmonton Club this afternoon to get an expression of opinion from them in regard to this country.

Both gentlemen have been in Western Canada before but they were much surprised and greatly pleased with the progress that has been made since their last visit here last.

"Have you any special object in going into the north country?" the reporter asked.

"Professor Miller, here, wants to shoot a bear," replied Mr. Hough, a little sarcastically.

"Mr. Hough has been twitting me about that bear for some time," began Professor Miller, by way of defence. "I have been in nearly every nick and corner of the world, have travelled round it four times, and have hunted nearly all kinds of big game but I have never shot a bear, and I intend to get after one of your Alberta bears on this occasion."

"As soon as I return from the north, I am going to Chicago and from there to London, where myself and a friend will make preparations for a hunting tour in Africa. We expect to go in October."

Eternal Enthusiasm

Mr. Hough, in speaking of his impressions of the western country said that what attracted him most was the eternal enthusiasm and optimism which is manifested. He expressed the opinion that there was an era of wonderful industrial development ahead of the country.

THE KERMESE

The opening night of the Kermesse took place last night on the grounds of the Separate School. There was a very large crowd present and the evening was very enjoyable. The grounds were very prettily decorated and the various lights and different colors displayed quite a picturesque scene. There were a number of interesting attractions among which was an open-air chorus of 20 Ruthenian singers. Besides this, there were the usual booths at which charming young ladies dispensed with various fancy goods.

VOTE TOMORROW ON 'SCONA BYLAWS

Ten Money Bylaws to Be Laid Before the Strathcona Ratepayers

NEED MANY THOUSANDS

Largest Amount Is for the Bridge Over Mill Creek

In Strathcona tomorrow, the money bylaws will be put to the vote. They are ten in number, amongst them being the \$38,000 wanted for the Mill Creek bridge.

The Bylaws

Bylaw No. 350.—To provide \$38,000 for the construction of a steel bridge across Mill Creek.

Bylaw No. 351.—To provide \$14,000 for water pipes and sewage extensions in connection with the water and sewage department.

Bylaw No. 352.—To provide \$9,012.50 for the installation of water meters.

Bylaw No. 353.—\$10,000 for the extension of the electric lighting system.

Bylaw No. 354.—To provide \$2,000 for the purposes of street grading.

Bylaw No. 355.—To provide \$2,000 to be spent in improvements in Riverside Park.

Bylaw No. 356.—\$2,000 for the completion of the central fire hall.

Bylaw No. 357.—To provide \$4,078 for various local improvements.

Bylaw No. 358.—\$992.85 to pay for concrete sidewalks constructed during the year 1909.

Bylaw No. 359.—\$11,806 to pay for wooden sidewalks during the years 1909 and 1910.

GET INJUNCTION AGAINST JOURNAL

Mr. Justice Harvey Grants Motion to Restrain Paper From Commenting on Case

In connection with the libel actions brought by Mr. John Morris against the Journal Company, Limited, in Chambers this morning, before the Honorable Mr. Justice Harvey, an injunction was granted against the Journal Company "to restrain them from printing or publishing any articles or paragraphs reflecting upon the character of Mr. Morris to his prejudice or tending to disparage or prejudice the fair trial of the two actions for libel now pending until the trial or other disposition of the same."

Mr. H. H. Hyndman, who appeared for the defendant company, did not oppose the motion. Mr. McCaul, K. C., counsel for Mr. Morris, agreed that the costs of the motion should be costs to the successful party in the cause.

STRUCK BY TRAIN

James Lowellyn Hit by G. T. P. Engine at Portage

Portage la Prairie, July 26.—James Lowellyn was struck yesterday by a Grand Trunk Pacific train and received injuries which it is feared will prove fatal. The physicians attending him at the Portage general hospital say there is no hopes for his recovery.
